THREE-YEAR-OLD CHILD DIES SUDDENLY AFTER MEAL.

A most unusual case was called to the attention of Coroner Rudolph Davis, yesterday, when he was summoned to North Middletown, to view the body of Willie Willoughby, three-year-old son of Mr. and Mrs. Frank Willoughby, residing on the W. A. Thomason farm.

From the facts as adduced by the Coroner, the child had been in the habit of eating a second meal, when his father came in from his work.

Sunday after eating a hearty meal, the child played above the house a while, and then ate a second meal.

In a short time he complained of feeling ill, and called to his mother to come to him. The boy held his hand up to his mouth and gasped a few times, falling over on the floor dead. The horrified parents hastily summoned medical aid, but the lad was beyond the power of earthly help.

Coroner Davis held an investigation yesterday afternoon, the jury bringing in a verdict of death from strangulation, due to natural causes. About a year ago, a little brother of the lad was smothered to death when his mother rolled over in her sleep, smothering him. The boy is survived by his parents, four sisters and three brothers. The funeral will be held at the grave in the North Middletown cemetery at ten o'clock this (Tuesday) morning, with services conducted by Rev. F. M. Tinder, pastor of the North Middletown Christian church.

M. M. I. DEFEATS PARIS HIGH SCHOOL TEAM.

The football teams of the Millersburg Military Institute and the Paris High School met on the gridiron field at Wright Field, near the city limits yesterday afternoon, at three o'clock, in a struggle for honors. The battle resulted in the Paris High School warriors going down in defeat before the husky cadets by a score of 50 to 7. The game was a scrappy one in more than one respect, and was hotly contested on both sides. A "scrap" between a Paris man and one of the Millersburg delegation, though not on the program, enlivened a part of the game.

NO RELIEF FROM SUGAR SHORTAGE UNTIL NOV. 1.

According to a local grocer, and also a confidential assurance from an employee of one of the largest wholesale houses, it was stated yesterday to THE NEWS man that relief from the present threatening shortage may be expected about Nov. 1, at which time large quantities of beet sugar may be expected on the market. Most refineries will start handling the beet product by that time, said our informant.

Although there is expected to be plenty of sugar for household use, there will likely be a shortage at soft drink stands and manufacturing places of soft drinks where considerable sugar is required. Since prohibition went into effect the demand for soft drinks has increased many times, resulting in a large increase in the amount of sugar used.

The shortage of cane sugar is still very serious and grocers have found it necessary to limit the amount each householder may purchase. Unless the housekeeper uses economy in handling and using sugar she will find herself confronted with exactly the same conditions that obtained some months ago, when sugar was hard to obtain at any price and under any circumstances.

LEXINGTON BOYS ARRESTED HERE YESTERDAY.

When the 3:35 Louisville & Nashville train from Lexington pulled into the Tenth street passenger station in this city yesterday afternoon Patrolman George W. Judy boarded it and took in charge four Lexington boys, whose ages ranged from eleven to fifteen, apparently. A message from Lexington asked the Paris police to apprehend and hold the boys, who were out on a sight-seeing trip.

The boys were plentifully supplied with cigarettes, apples, cakes and other articles, and were as happy and contented as could be. They had tickets reading from Lexington to Cincinnati, and told the officer they were going to Cincinnati to go to work in a factory. They were held here until one of their relatives came from Lexington on the interurban car and took them back home, much to their regret. Their names were not given.

BECKHAM TO SPEAK HERE THIS AFTERNOON.

According to the announcement made by Chairman R. W. Keenon, of Louisville, Chairman of the Democratic State Campaign Speakers' Bureau, United States Senator J. C. W. Beckham will address the voters of Bourbon county at the court house in this city at 2:00 o'clock, this (Tuesday) afternoon, in the interest of the Democratic candidates on the State tickets. There has been much misunderstanding as to the date and time for the speaking, but this announcement definitely sets the date as this afternoon. Senator Beckham will come here from Ashland, where he spoke to a large audience last night. Representative J. Campbell Cantrill has been assigned by the Bureau to Bourbon county for two speeches the afternoon and evening of Thursday, October 23, at Little Rock and Centerville respectively. The people of Bourbon know both speakers well, and they will need no commendation to the Democrats of the county.

The dates fixed for Senators Beckham and Stanley are subject to cancellation in case it is necessary for them to return to Washington and vote on the peace treaty or amendments.

PREDICTS INCREASED VOTE FOR BLACK IN BOURBON

The Richmond Daily Register of Saturday has the following:

"That Black will carry Bourbon county by a record majority, larger than she has gone Democratic in years was the prediction of Hon. James H. Thompson, and Col. Wm. Remington, of Paris, who were in Richmond, Saturday morning, for a short time with friends. Mr. Thompson is the Democratic nominee for the Legislature from Bourbon and as he has no opposition from the Republicans, his calling and election is sure. He is a candidate for Speaker of the House and is making a short whirl over the blue grass section looking for votes.

He saw Tom Collins, Democratic nominee in Madison while here and from here went on to Lincoln, Lincoln, Boyle and Mercer. It has been reported that Will T. Beckham, who will be Shelby's representative will also be a candidate for the Speakership, but it is hardly believed that a contest will develop between Beckham and Thompson. Thompson is a prominent farmer and business man of Bourbon. He has many friends here and was introduced around by T. J. Curtis. Col. Remington is the veteran editor of the Paris Democrat, and a brother of Mrs. Wm. Howard, of this city.

DEMOCRATIC SPEAKING TO-DAY.

Senator J. C. W. Beckham will address the voters of Bourbon county this (Tuesday) afternoon at the court house at 2:00.

MAMMOTH NEW VAULT DOOR ABOUT FINISHED.

The mammoth new steel safety vault door which has been in process of installation in the Peoples Deposit Bank & Trust Co., in this city, is nearly ready for use. The door, which is a monster of fine manganese steel, required many days of preparation before it could be taken into the building, the workmen having to cut a hole in the side of the house to get it inside. It required two men six days to chisel through the concrete covering of the vault in order to get the door, which weighs 23,000 pounds, in position.

The door makes the safety deposit vault absolutely burglar proof, thus guaranteeing safety to the funds and valuable papers belonging to the bank and its patrons. With this device in position it is impossible to get in the vault until the time-lock mechanism reaches a set hour. The installation of this safe-guard provides patrons of the Peoples Deposit Bank with a sure protection, and is a stroke of good business for this popular financial institution.

STREET WORK RESUMED

Work on the reconstruction of Pleasant street and the repairing of Main street, interrupted by the heavy rains of the past week, has been resumed. A large force yesterday resumed the excavation work on Pleasant street for the concrete surfacing that is to take the place of the old macadam finish. The work of relaying the mauls of the Paris Gas & Electric Co., which was interrupted by the rains, was also resumed at the same time.

EASTERN STAR MEETING.

Mrs. Stanley J. Bagby and Miss Mamie Wagoner, both of Paris, will represent the Paris Chapter of the Eastern Star at the meeting of the Grand Chapter of that order, to be held in Lebanon, beginning Tuesday October 28.

HANDSOME COMPLIMENT TO BOURBON'S REPRESENTATIVE

Editor W. Remington in the Paris Democrat of Saturday, has the following complimentary notice of Bourbon's nominee for Representative, under the hand of "The Right Speaker." The Democrat picks Mr. Thompson as a logical candidate for Speaker of the House. The article follows:

"This year the Democratic party in Kentucky is fighting for its future right to live, not for the next four years, because the character of the Democratic nominees insure every chance of success at the coming election.

"However, with the unrest, the attitude of the people of "anything for a change," the record of the coming Democratic administration will receive the closest scrutiny of every voter in Kentucky.

"We do not fear any of the State officers will not measure up to the highest standard, but this is one time above all others when men selected within our party for responsible positions in the State administration, must be men of the strongest minds, most upright character, and peculiarly adopted to the duties they must perform. The day is over in Kentucky when men can be appointed or selected without regard to their fitness or ability.

"Without doubt the most responsible position, and the most far-reaching, to be filled within the party, is that of Speaker of the Lower House of the next Legislature. In importance to the people this office comes next to filling the Governor's chair.

"'Why,' asks the Mt. Sterling Sentinel-Democrat, 'would not Jas. H. Thompson, of Bourbon County, make an admirable Speaker?'

"The answer is, he would. In fact he is the one man the Democratic party will need to fill this position.

"In the first place, Mr. Thompson is not a politician. In the next place he is a man no set of circumstances could sway from his clear vision and convictions as to what is best for his people.

"Another thing, he is a farmer of the highest type, a student of ability, and is probably to-day the best informed man in Kentucky on matters of taxation, a most serious thing to every voter in the Commonwealth.

"And one other thing, Mr. Thompson can work to the greatest advantage and always in the interest of harmony within the party, if his co-workers, like himself, never lose sight of the fact that it is for the people of Kentucky he and they are serving.

"As to Mr. Thompson's strength, Bourbon county is Democratic by a narrow margin. The Republicans were running their strongest candidate against him, a gentleman of the highest character, and one who would not do the slightest wrong for the State of Kentucky, Mr. N. A. Moore. Yet Mr. Moore, as good a man as he is, knowing Mr. Thompson's strength, withdrew from the race.

"And that is the kind of man we need for Speaker, a man who will reflect honor to the Democratic party and give it strength."

FIELD SECRETARY TO ADDRESS ENDEAVOR SOCIETIES

The new Field Secretary, Mr. Little, of Lexington, will address all the Christian Endeavor Societies, Epworth League of the Methodist church and the Baptist Young Peoples Union, of the Baptist church, in the basement of the Presbyterian church, at 7:30 p. m. this (Tuesday) evening. Mr. Little is an interesting and eloquent speaker, and will have a message that will be sure to be a pleasing and interesting one. A cordial invitation is extended to all to attend this meeting.

THOUGHT THEY HAD STRUCK "A DIPPY ONE."

During the working of the Chapter Degree by Paris Lodge of Masons on the third floor of the Masonic Temple, in this city, one night last week, the attention of a number of the members was attracted by the peculiar actions of a man in a room on the top floor of the Windsor Hotel, opposite the lodge room.

The man had a broomstick in his hands, which he was frantically waving, occasionally stooping to the floor to pick up some object, which he placed in a different position on the floor. Then he would repeat the maneuvers, over and over again. Judge Chas. A. McMillan called the attention of Dr. Avonia Kiser and Jos. H. Ewalt to the strange actions of the man, and suggested that there was something wrong, and that the hotel people should be notified. The trio came to the conclusion that the man was demented. Thinking he might possibly be a brother Mason in distress they went to the hotel, and made their mission known to the night clerk. Accompanied by the clerk they went to the room, and, on knocking, the door was promptly opened. On the bed on an opposite side of the room, where where they could not have been seen from the window in the Masonic Lodge room sat two young men. It developed that the supposed demented man was a golf enthusiast, and was demonstrating to his cronies a number of fancy and difficult plays just as they should have been played on the golfing links. Judge McMillan and his friends retired with an expressed determination to let supposedly demented men alone hereafter.

WAR MOTHERS ORGANIZE

The Bourbon county branch of the National War Mothers of America effected an organization at a meeting held Saturday afternoon at the court house, in this city. There was a good attendance and much interest manifested in the proceedings. Mrs. Edward Turner gave a comprehensive report of the second meeting of the National Association of War Mothers, held in Washington, D. C. A resolution was adopted by the local association to co-operate in raising funds for the memorial hall to be erected on the campus at the University of Kentucky. The following officers were elected for the association to serve during the ensuing year:

County War Mother—Mrs. Louis Rogers; first vice War Mother—Mrs. Ben Woodford, Sr.; second vice War Mother—Mrs. D. C. Lisle; Corresponding Secretary—Mrs. Edward Turner; Recording Secretary—Mrs. James Douglass; Treasurer—Mrs. Mary Huffman; Historian—Mrs. Allie Dickson.

Among the out-of-town people attending the meeting were Mrs. Wm. Cromwell, of Frankfort, County War Mother of Franklin county, Mr. and Mrs. Spears, Mrs. Abram Abrams and Mrs. George Welch, all of Frankfort, who were the guests of Mrs. R. B. Hutchcraft.

"TRENCH MOUTH" NEW DISEASE GOING AROUND

There's a new disease going the rounds in Paris, at least it is reported by physicians as being a new one in the local field. The disease is said to be caused by promiscuous kissing, and is a species of disease of the gums. The physicians have given it the name of "trench mouth," and have issued warnings to the public against indulging in too much kissing. If the "trench mouth" is followed by "trench fever" it will take all the joy out of life, even for the rusty old bachelor, who occasionally grabs a kiss from some little baby, and the political candidate who kisses all the babies of his constituents will have to get himself inoculated against the germs, bacilli, and all those other demons that get into a fellow's system.

STEIN-BLOCH SMART CLOTHES

True economy does not consist of buying articles because they are low priced. Frequently the purchase of a low priced suit may prove to be the greatest extravagance. The measure of economy is to be found in the measure of value.

There are no clothes made where the measure of value is greater than in STEIN-BLOCH SMART CLOTHES—where you will find such a complete and satisfying combination of tailoring, style, high quality of material, and all other factors that enter into genuine worth.

We know, from our long experience in the clothing business, that we could offer you no better clothes at any price. No better are made. And it is a great source of satisfaction to us to be able to offer such clothes at prices you would ordinarily expect to pay for clothes of inferior quality.

EDITORIAL MUSINGS.

"Purity" in Politics.

Senator John J. Ingalls of Kansas said that "purity in politics is an iridescent dream, though just why he would ever say that we cannot imagine, as he was one of the grand men of the West. At any rate, he was mistaken. Purity in politics is not a dream and it should be a stern reality, instead.

Never was this truer than right since the great world war. It is a new era and a new deal all round is on, including politics.

Machines are labor-saving devices which are in this day and age a necessity and have come to stay. But no machine on earth was ever yet bigger or better than the great masses of people who make its construction possible, and when it gets to anywhere near that it should be dashed. When a political machine—municipal, county, state or national—gets clogged with corruption or clogged with graft and greed, the wind should be let out of its tires.

To these lines this editorial axe has ever hewn, and it pleases us immensely to chop out a chip of solid truth occasionally which falls upon the hollow womb of Mother Earth with sufficient thud to admonish those enraped in the dogma that all others save and except the professional politician are born only to the lowly station of drawers of water, movers of wood and oilers of the machine, that kingly prerogatives, well-headedness and political war-hoodism are more in the line of iridescent dreams than the godly and godly doctrine of purity in politics.

Carter Glass, Editor.

Carter Glass is making a first-class Secretary of the Treasury, all because he was a first-class editor (and he still owns a daily newspaper in Virginia); before he began distributing his talents in the sphere of politics. The job of following Mr. McAdoo was no minor undertaking, because McAdoo was always found "going some." But Carter Glass has one speed himself, and one of his best appearances in public was to reflect the prosaic doctrine of thrift; he did it in a way that reflected credit to Carter Glass, "Editor-in-Chief," he said, "would pay off national debt before the United States." "Germany," he added, "would not only meet all of her war

obligations, but would, in a few years, be a chief competitor in the commercial marts of the world."

Carter Glass evidently has the right dope of Germany, since a news dispatch a few days ago told that commerce has already been resumed between Hamburg and Cuba and Mexico.

Cold Storage Celluloid.

Occasionally a patron at a movie show experiences a feeling of familiarity with some scene shown on the screen. He almost thinks he has seen that very spot, house, garden, whitewashed fence and all, before. And in all likelihood he has.

The makers of movies, it seems are occasionally pressed for time or ingenuity or something, and they insert a few hundred feet of film which have been used a year or so earlier in some other screen drama. In one case a picture of 5,000 feet of film contained 2,200 feet which had been shown in another picture a few years before.

If a recent order of the Federal Trade Commission is properly carried out, this abuse of an indiscriminating public's good nature will be eliminated. The order directs that the old parts of the film, if there must be such, be clearly, definitely and unmistakably shown" to have been previously exhibited.

"No Accident" Week.

The railroad managers of the country have designated the week beginning October 18 as "no accident week", requesting everyone to take special care to avoid accidents of all kinds but with special reference to railroad work. There is no question but that a large per cent. of the accidents entailing loss of life, limb or property are due to carelessness on the part of some one, and that some one is often the victim of his or her carelessness, but generally some innocent person is also the victim.

Hence, the idea of calling upon the people to take special care for one week, in the hope of beginning the habit of carefulness. Let everyone bear this in mind and observe greater caution than they are in the habit of doing, and continue to cultivate the habit in the coming weeks.

Friendly Fountain Pen.

An alleged friend has presented this scribe with a fountain pen and now we have got to employ a skilled mechanic at a large salary to take his monkey-wrench and keep the dingsbusted thing in order. It is the most friendly thing we ever met, on short acquaintance. Yesterday it wept a cupful of black tears all over our left bosom.

Autumn Auto Styles.

Automobiles come in all sizes, including the piker size, the family size, the bank director size and the fool size. A small car with only twelve condensed horses in it can be bought for \$350 and can be driven over a curb and into a tree as successfully as a big car which costs \$5,000 and has tires as fat as an elephant's legs.

AN AGREEABLE SURPRISE.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.

BOURBON COUNTY FARM

Of 420 Acres, About 3 1/2 Miles from Paris, on the Ruddles Mills Pike,

At Public Auction

On the Premises, on

Tuesday, October 28th, 1919

At 10:30 O'clock A. M.

On account of ill health and advancing years, I have decided to locate permanently in Florida and have placed my splendid farm above described in the hands of Harris & Speakes, real estate dealers, with instructions to sell each tract as advertised to the highest and best bidder, rain or shine.

The farm is an ideal one, well fenced and watered and in a high state of cultivation. It will be sold in three tracts, as follows:

TRACT No. 1—Contains 245 acres, all in blue grass, timothy and clover except 31 acres seeded to wheat, blue grass and timothy. Seven-room house, practically new. Cistern at back door. All necessary outbuildings, two large tobacco barns, small stock barn and a good four-room tenant house; also excellent stock scales.

TRACT No. 2—Contains 70 acres of unimproved land—50 acres in blue grass, 20 acres broke out of blue grass and cultivated in tobacco and is now seeded in rye. This tract has a beautiful building site.

TRACT No. 3—Contains 105 acres—90 acres in blue grass and timothy and 15 acres seeded to wheat, blue grass and timothy; 6-room residence, two large tobacco barns and four-room tenant house. The farm fronts beautifully on the Ruddles Mills pike. Tracts Nos. 2 and 3 after being sold separately will be offered as a whole and the best bid accepted.

TERMS—LIBERAL and attractive. Ten per cent cash in hand on day of sale, 23 1/3 per cent. March 1st, 1920, when possession will be given. Remainder in four equal payments, one-fourth March 1st, 1921, one-fourth March 1st, 1922, one-fourth March 1st, 1923, and one-fourth March 1st, 1924. Notes will bear six per cent. interest from date payable annually until paid and a lien retained on the property to secure payment.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY
THIS IS WORTH READING

The experience of Mr. E. J. Toupalik, 1428 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

Ask Many Questions.

An assistant depot master at Paddington, London, took, by means of a number-recording watch, a record of the number of questions asked by the public during a single week. The total was 2,188. Some of the questions were extremely foolish.

"Pape's Diaepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diaepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antiacid is Pape's Diaepsin, which costs so little at drug stores. (Adv.)

CREEK INDIAN MAKES BIG CONTRIBUTION TO DRIVE

Jackson Barnett, full-blooded Creek Indian of Mayetta, Okla., who, along with a good many other Red Men, grew rich out of the discovery of oil upon his land, has given \$200,000 to the Baptist Seventy-five Million Campaign, though the actual drive for subscriptions will not be made until the week of November 30-December 7. The Indian was converted several years ago and has been an active layman in the church at Mayetta, of which the Rev. E. D. Cameron is pastor.

Early in the campaign the pastor presented the claims of the various interests to Mr. Barnett and a few days ago the wealthy Indian expressed a readiness to talk with other representatives of the campaign on the matter. The campaign headquarters were advised of the hour the conference was to be held and asked to pray that God would lay it upon the heart of Barnett to do a really large thing. Accordingly the general director and his office force held a special prayer service at that hour and a short while afterward a telegram came from Mayetta announcing that the Indian, himself a convert under the preaching of missionaries, had given \$200,000 to the campaign to help send the gospel to others in the homeland and throughout the world.

GIANT CHICKENS AND EGGS PROMISED BY POULTRY MAN

Super-chickens and eggs, two or three times their present size, at a cost not much greater than present prices, was predicted by Alton E. Briggs, Boston, president of the National Poultry, Egg and Butter Association, at Cleveland, Ohio, in an address to the 1,000 delegates attending the opening session of the thirteenth annual convention. Mr. Briggs said a new type of super-hen is being bred and in the near future would reach the public, thus doing much to lower the cost of living.

TOO SHORT TO DO UP AND STILL FALLING

A Little "Danderine" Stops Your Hair Coming out and Doubles Its Beauty

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant. (Adv.)

WOMAN LOSES \$5,000

The suit that was filed in the St. Louis Circuit Court a few days ago by a St. Louis woman who alleges she lost \$5,324 in a fraudulent oil stock transaction, would not have been necessary had she invested in U. S. Securities that the Government is now urging its citizens to buy. The woman wanted 5,000 shares in an oil concern that promised good returns. Her broker, she alleges, said he could obtain the stock for \$2 per share. She gave cash mentioned and her notes for the balance, and then learned, she alleges, that the stock cost only \$1 per share.

There is absolutely no chance for fraud in the purchase of the United States Treasury Savings Certificates that may now be obtained through the Federal Reserve Bank or the Governmental authorized agency. These new securities are issued in denominations of \$100 or \$1,000 and the buyer takes no chance.

Of course Uncle Sam does not promise any fabulous interest. But he does promise a splendid return. The government pays 4.27 per cent. on these bonds, and when tax exemptions are reckoned, the investment just above stacks up with the six per cent. investments offered in substantial commercial enterprises.

But the beauty of an investment with Uncle Sam is that one's principal is absolutely secure, and the interest is certain to be forthcoming on the promised day.

MEXICANS UNEARTH FOSSIL OF A GIANT 32 FEET TALL.

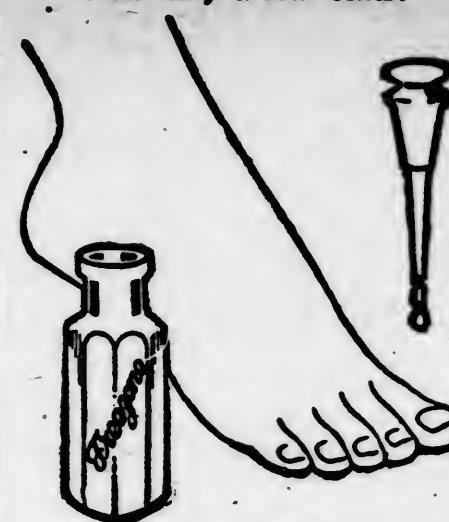

The fossilized remains of a giant measuring thirty-two feet ten inches in height, according to report, were recently discovered by workmen near the little village of Nanacamilpa, State of Vera Cruz.

The natives, who still cling to many of the traditions of their Indian ancestors, declared the giant was related to the gods of their forefathers. They erected a catafalque in the plaza, upon which the giant rested in state for many days covered with flowers and at night carefully guarded.

The discovery attracted the attention of noted scientists. Manuel Gamio, director of ethnology at the National Museum, expects to soon leave the Nanacamilpa to investigate. He is inclined to believe the fossil is that of a prehistoric vertebrate, not human.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

BOURBON FARMING CONDITIONS.

Heavy rains have revived the vegetation in the county and started the small streams into activity, so that stock water is now abundant on farms. Corn cutting is practically over, and most of the fields have been seeded to wheat, rye or barley. Tobacco cutting has been completed. The work of stripping and preparing the weed for the market is now in progress. Livestock sales are inactive and very little stock is being shipped to the markets. Farmers are rounding up their work on the farms, and making ready for the coming of winter.

CHAMBERLAIN'S COUGH REMEDY.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case.

PIPELESS CALORIC FURNACE

The Original Patented Pipeless Furnace

Practical
Scientific
Economical

The Caloric system of heating is an entirely new application of the principles of conveying heat. Cold air falls—warm air rises. The Caloric's one register is built to take advantage of this simple scientific fact. The outer channel sucks cold air out of the house, carries it to the bottom of the furnace, where it is purified, and passes over the radiation chamber up into the house by the inside warm air channel. The warm air is lighter and travels upward rapidly. Although no perceptible draft is noticed, the warm air seeks out every nook and corner in each room so that the temperature over the entire house is practically the same, the sewing room upstairs being as cozy as the living room where the register is usually put.

We are enthusiastic about the Caloric. The remarkable results obtained by more than seventy-six thousand owners last year during the coldest weather proved our every claim. We KNOW that it will make good and save 35% of your fuel bill.

Come in during Demonstration Week. You will not be obligated, and may learn many things that will mean more and better heat with a decided saving of money.

BOY ESCAPES SERIOUS INJURY BY AUTO.

Knocked prostrate and run over by an auto at the corner of Main and Seventh streets, Friday afternoon, Bruce Clough, aged six years, had a miraculous escape from serious injury. Save for a few bruises he was uninjured.

The boy, who is a son of Mr. and Mrs. James Clough, of Scott avenue, was returning from school, and, in endeavoring to cross the street, was struck by the machine, which turned the corner suddenly. The position in which the young lad lay enabled the machine to pass over him without the wheels striking him. He was taken to the office of Drs. Daugherty & Orr, where his bruises were given attention and he was enabled to proceed to his home.

OCASIONAL FROSTS ARE AHEAD IN OHIO VALLEY.

Weather predictions for the week beginning yesterday issued by the Weather Bureau are:

Ohio Valley, generally fair and cool with occasional frosts.

Region of Great Lakes, Upper Mississippi and Lower Missouri Valleys, Northern Rocky Mountain and Plateau Regions, generally fair and cool; freezing temperatures first half of week.

Ideal fall weather has prevailed in this section during the past few days, following nearly a week of rain and gloomy days. Bright sunshines and bracing air contribute to the joy of being out doors, and cause a quicker step and a larger appreciation of nice autumn weather.

U. D. OF C. ELECT NEW OFFICERS.

The regular monthly meeting of Richard Howes Chapter, United Daughters of the Confederacy, was held in the Confederate room in the court house, Saturday afternoon.

Mrs. Charles C. Leer read a very interesting paper on "The Old Southern Mammy," and Mrs. Wm. G. Talbott read a well-prepared paper on the subject of "Kentucky Men in the Civil War." Both papers gave evidence of careful preparation and were well received by the members.

Mrs. Russell Mann and Mrs. Ada Rice were appointed delegates from the Chapter to attend the National Convention of the D. of C. to be held in Tampa, Fla., on November 12.

The following officers were elected to serve for the ensuing year:

President—Mrs. J. T. Vansant; first vice-president—Mrs. Chas. Goldstein; second vice-president—Mrs. Benj. Woodford; secretary—Mrs. Jos. H. Ewalt; registrar—Mrs. Russell Mann.

SHOE SHOP ROBBED

A thief entered the shoe shop of Mr. Clyde Tyree, at the corner of Main and Eighth streets, one night last week, and carried off an overcoat and two pairs of shoes. The police were notified, but so far have not found the property or a clew leading to the identity of the thief.

LAST CHANCE TO REGISTER.

To-day and tomorrow will be the last opportunities afforded for registration of those voters who were out of the city or sick on the regular registration day. See County Clerk Pearce Paton at his office in the court house and get your certificate.

MOTOR TRANSPORT TRAINING SCHOOLS OF THE ARMY

The United States Army is definitely launched in the field of vocational training for the motor transport corps. It has no option in the matter, for men skilled in automotive vehicle operation and repair do not exist in anything like adequate numbers for the requirements even of civil life; and the war with Germany has demonstrated that no matter how good our army may be in other respects, its efficiency will be conditioned by that of the motor transport branch.

Therefore, the Army is organizing schools to train men in various branches of automobile repair, construction and operation. They are real schools under trained teachers where the time of the pupil is wholly devoted to receiving instruction.

Apart from the military necessity, the automobile industries will benefit by the establishment of this training system.

The United States Civil Service Commission is receiving applications to fill 150 positions of assistant instructor in motor transport training schools. The entrance salaries range from \$1,800 to \$2,400 a year. Detailed information may be obtained from the United States Civil Service Commission, Washington, D. C., or from the Secretary of the U. S. Civil Service Board at the post office or custom house in any city.

Full Directions.

"Can you tell me where Mrs. Clark lives?" I asked. "Sure," answered the little fellow. "Just go down this street to the next corner, turn to the right, and stop at the first house where there's a bulldog."

RADICAL LEADER NOT YET UNDER ARREST.

GARY, IND., Oct. 20.—Military authorities and federal agents declared last week that Alexander Ivanhoff, radical leader and chemist, formerly employed in the local steel mills and alleged maker of the thirty-six May Day bombs, is not yet under arrest. He is being sought as the result of information said to have been given the federal authorities by Anton Gorski, who is under arrest.

Convinced that Ivanhoff has fled from Gary, the federal authorities Wednesday transferred their search for the radical leader to Chicago, where dozens of Department of Justice investigators are reported to be following clews.

Federal agents backed by troops early Wednesday made four more raids on homes of radical leaders here in which about twenty persons were taken in custody. Six are being held. It is said that further evidence was obtained in these raids of the alleged plot for an uprising of radicals in Gary, although Colonel W. S. Mapes and other officials declined to discuss the details of the information obtained.

More than a dozen men who were taken into custody were questioned in connection with bomb and anti-government plots. It is also said army intelligence agents have in their possession a list of several hundred alleged radicals, among whom a number are believed to be leaders in the radical movement.

The Buick Built Crank Shaft

has been designated as the back bone of this famous Valve-in-Head Motor because it must withstand the impact of every powerful explosion that takes place in the Buick Valve-in-Head cylinder.

Strength, accuracy and toughness are the fundamental requirements—gauged, hammered and tempered into each crank shaft thru the rigid processes of expert machining, modern drop forging and special electric heating treatment.

Materials of the highest grade, Chrome nickel-steel of a special formulae subjected to rigid metallurgical and chemical tests, are other evidences showing how complete the Buick Factory is equipped to manufacture this important unit so essential in the successful operation of the powerful Buick Valve-in-Head motor.

SHANTUNG AMENDMENT REJECTED IN SENATE.

WASHINGTON, Oct. 20.—The long debate Shantung amendment to the peace treaty, presented by Senator Henry C. Lodge and approved by the Foreign Relations Committee, finally was rejected in the Senate with a majority of a score against it.

In the vote of 35 to 55, 14 Republicans swung over to the pro-treaty forces, while three Democrats lined up with those supporting the proposal. Of the six Senators absent,

two Republicans were put on record as in favor of the amendment and one Republican and three Democrats as opposing it.

The roll call, which came at the end of another six and a half hours of sharp debate, in reality swept away six amendments instead of one, each change in the treaty text having been numbered separately by the committee in its decision to strike out the word "Japan" and substitute the word "China" throughout the sections relating to the province of Shantung.

By unanimous consent, however,

the six changes were debated and voted on as one.

Only three of the committee's 45 amendments now remain to be acted on by the Senate, 36 previously having been rejected. Of those remaining one relates to American representation on the Reparations Commission and two to equalization of voting power in the League of Nations Assembly.

PRESENCE OF MIND SAVES WOMAN'S MONEY.

LOUISVILLE, KY., OCT. 20.—Presence of mind by carrying on a conversation with herself, as if talking to her husband, and imitating a man's voice, saved Mrs. Norma Ramona, 610 South Jackson Street, from the loss of money and jewels at 8:30 o'clock Thursday night.

She was alone with her infant in the kitchen, when she heard noises in the dining room. When she saw a negro's hand stealing through a crack in the door as if trying to open it wider, she began talking.

The ruse worked and the negro departed, leaving behind a pocket book containing \$15.

NO RACE SUICIDE IN OLD ENGLAND.

More babes were born in England during August than in any previous month since the beginning of the war. Official returns show the number to be 6,390, equivalent to an annual rate of 18 per thousand, and 461 more babes than for the same month of 1918.

"I believe that during and after wars more boys than girls are born," said Dr. Mary Scharlieb, a specialist, discussing the report. "I think official figures will prove that more boys are born during periods of stress, hardship and food shortage, and more girls during periods of wealth, ease and luxury."

CONSTIPATION.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.

ROAD COMMISSIONER BOGGS APPROVES NEW HIGHWAY.

FRANKFORT, KY., Oct. 20.—A seventy-five mile hard surface Federal highway project through Hart, Green, Taylor, Marion, Boyle and Mercer counties, estimated to cost \$1,250,000, has been approved by Commissioner of Roads Joseph Boggs subject to the counties raising the following sums for their share of the expense:

Hart, \$44,547.24; Green, \$85,500; Taylor, \$82,837.50; Marion, \$94,051.30; Boyle, \$48,350; and Mercer, \$24,624.45.

The route of the proposed project is from the Green-Hart line near Gooch's mill to the Jackson highway at Hardinville by way of Monroe, thence through Green county from Gooch's mill by way of Donensburg and Greensburg to the Taylor county line at Finley, thence through Taylor by way of Campbellsville and Salome to the Marion County line, thence through Marion by way of Lebanon to the Boyle County line, thence through Boyle County by way of Parksville and Danville or Perryville to the Mercer County line, thence to Harrodsburg.

Provide Playground.

The truly normal, mischief-loving youngster (and all healthy children are both) simply cannot live without play. If this is denied him he will droop like a flower transplanted into unhealthy soil. However, if he finds it difficult to keep on friendly terms with his small neighbors his mother must see to it that he has his own playground at home. It won't cost much to fit up such a fairyland, and it will prove an investment that will pay back undreamed of returns.—New York Evening Telegram.

A man's life—among men!

Reel them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

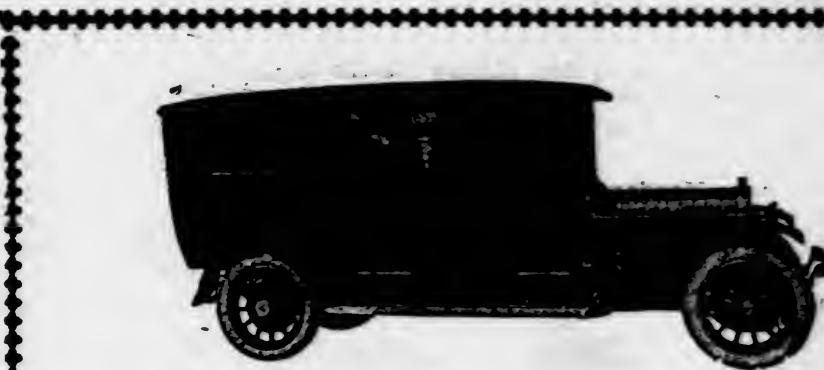

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddles.

Enlist for two years. Excellent opportunities for advancement. Four weeks' holidays with pay each year. Shore leave to inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. The Kentucky Masonic Grand Lodge will convene in Louisville today in annual session. Delegates from all over the State will be in attendance. Matters of great importance to the order will come up for consideration.

Mr. and Mrs. Raymond McMillan, M. H. H. Davis and Judge C. A. McMillan left yesterday to attend the sessions, making the trip in the former's automobile.

STRODE.

—After a short illness, following an operation performed at the Clark County Hospital, in Winchester, Mrs. Clayton Strode, aged fifty-four years, one of the best-known and best-loved women in Clark county, died at that institution at an early hour Sunday morning.

Mrs. Strode was formerly Miss Jennie Eubank, a member of one of the most prominent Clark county families, and from her early youth was one of the popular young women of the county. Among her intimates she ranked as a woman of culture, refinement and of sweet sympathies, a kind neighbor, devoted mother and a true friend, one who, cast in a heroic mould, bravely met the stern requirements and often the disappointments of life. Her affection for her friends and kindred was a marked characteristic of her womanly nature and her home instincts were of the strongest kind. Her life was a rare jewel, her spirit as gold refined in the fire.

She is survived by her husband and five children, Nelson Strode, Homer Strode, of Clark County, Mrs. Cecil Haggard and Miss Ruth Strode, of Winchester, Mrs. Clay Sutherland, of Paris. Three sisters and two brothers also survive, Mrs. Emma Beall, of Mt. Sterling, Mrs. W. D. Judy and Miss Effie Eubank, Jr., of Clark county. William W. Eubank and Porter Eubank, of Montgomery county. Her parents and one brother preceded her to the grave several years ago.

The funeral took place yesterday afternoon at 2:30 o'clock, with services conducted at the graveside in the Winchester Cemetery, by Rev. Dr. C. M. Thompson. The pall-bearers were: Active—Clay Haggard, Gay Strode, Ollie Hadden, Walter Strode, William Eubank, Thos. Rutledge, J. W. Hadden, and Virgil Hiatt; Honorary—S. J. Conkwright, P. Y. Drake, James W. Scott, W. H. Tucker, Harvey Hunt, J. K. Allen, W. R. Spahr, J. M. Stevenson, A. B. Mahan, N. H. Witherpoon, Sam P. Hodgin and W. T. Ogden.

COX.

—Mr. Joseph M. Cox, a former resident of North Middletown, died at his home in Frankfort, Sunday night, after a long illness. He is survived by his wife, four daughters, Mrs. Mattie Matthews, Misses Jessie and Judith Cox, of Frankfort, Mrs. E. F. Burgess, of Big Stone Gap, Va., and one son, Charles H. Cox, of Phoenix, Arizona.

Mr. Cox was born and reared in Fayette county. When a young man he engaged in the mercantile business in North Middletown, remaining these several years, moving from there to Frankfort. He served through the Civil War as a bugler in Baxton's Battery, Grace's Brigade in Gen. Simon Bolivar Buckner's Corps.

GAINES.

—Following a long illness, Wm. Gaines, aged seventy-nine, one of the prominent farmers and best-known Confederates in the Centerville vicinity for years, died at his home in Georgetown, early Friday morning. Col. "Billy" Gaines as he was familiarly known to his comrades and to a host of warm friends, was one of Nature's noblemen, a Christian gentleman, a brave and gallant soldier, and one whose very nature drew friendst o his side. He was one of the most devoted members of that gallant band who followed Col. W. C. Breckinridge and Gen. J. H. Morgan in the fortunes of war through the four years of strife. He was beloved by his comrades and highly esteemed by all who knew him. Col. Gaines was a native of Fayette County, having been born in the Old Union vicinity, but was a citizen of this county by adoption, having removed to near Centerville in youth, where he resided until a few years ago, when he moved to Georgetown.

Col. Gaines is survived by his wife, Mrs. Allie Murphy Gaines, one brother Mr. John S. Gaines, and the following nephews and nieces: Dr. John

MATRIMONIAL.

HENRY—SUDER.

Mrs. M. A. Houston, of near Paris, announces the engagement of her sister, Miss Ellen Henry, Akron, O., to Mr. Norman H. Suder, of the same place. The wedding will take place in Akron, on the next Thursday, October 23.

The bride-to-be is a former resident of Paris, and is a graduate of the class of 1915 of the Paris High School. She is a charming and talented young woman and has a host of friends in this city who wish much happiness. The groom is a young business man of Akron.

LUND—ELDER.

—Mr. and Mrs. Willis E. Lund, of Long Branch, N. J., have announced the engagement of their daughter, Miss Gladys Lund, to Lieut. Eugene V. Elder, now stationed at Long Branch in the U. S. Army Signal Corps service. The wedding will take place in the early winter.

The groom-elect is a son of Mr. and Mrs. F. S. Elder, and a brother of Mr. Thos. Elder and Misses Rosina and Ruby Elder, of Paris. He is a graduate of the Paris High School and of the University of Kentucky. His many friends in Paris extends hearty congratulations in advance of the happy event that will bring him a fair and charming bride.

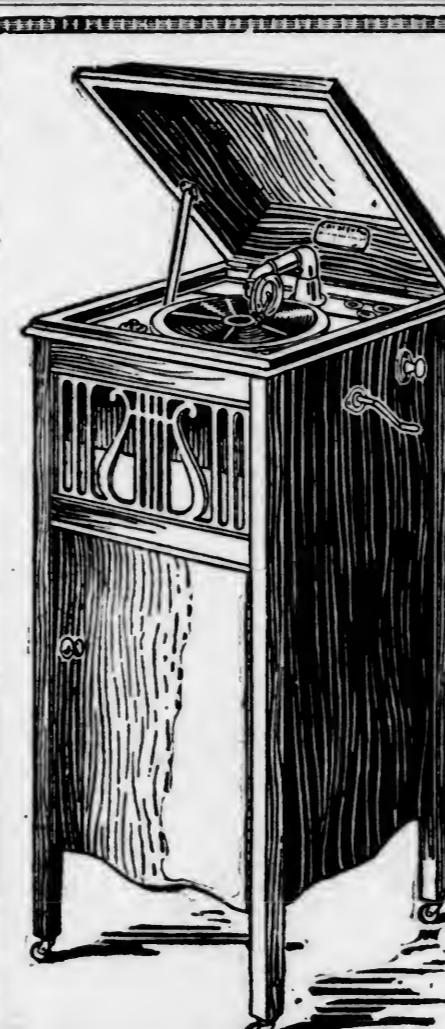

PLUMMER—ALLEN.

—The marriage of Miss Ada Plummer, of Paris, to Mr. Merle F. Allen, of Pittsfield, Illinois, was solemnized last week at the home of the officiating minister, Rev. W. E. Ellis, pastor of the Paris Christian church. The wedding was a very quiet affair, on account of a recent bereavement in the bride's family. After the ceremony Mr. and Mrs. Allen left for a trip to St. Louis, Kansas City and other Western points of interest. They will make their home in Pittsfield, in an attractive bungalow that has been made ready for them.

The bride, who is a pretty and winsome young woman, wore a traveling suit of dark brown suede cloth, with hat, shoes and gloves to match, and a corsage bouquet of pink roses. She is the daughter of Mr. and Mrs. A. W. Plummer, of Paris, and has many friends and admirers throughout the Bluegrass region. She is a graduate of the Millersburg College, and was afterward one of the most popular teachers in the Bourbon county schools.

Mr. Allen is connected in the real estate business in Pittsfield with his father, and is a splendid young business man. He is a graduate of the University of Illinois, where he won the championship in athletics, and was also a noted football star.

The following announcements have been issued: "Mr. and Mrs. A. W. Plummer announce the marriage of their daughter, Ada, to Mr. Merle Francis Allen, on Wednesday, October the fifteenth, Nineteen hundred and nineteen, Paris, Kentucky. At home, after October twenty-second, Pittsfield, Illinois.
